Type of initiative

Fundraising

Target group

Ukrainian refugees, all ages

Description of activities

In these difficult times, there are many ways to support refugees. The **International Judo Federation (IJF)** has created a dedicated platform where people can donate and contribute to the effort to bring back a bit of joy to those who suffer the most. A specific bank account has been opened and all funds collected by IJF will be used to support the refugee community, in coordination with national federations and local organisations.

In 2021 the World Judo Day theme was 'Solidarity'. In 2022 it is 'Inclusion'. Today we have the possibility to show solidarity and to demonstrate how judo can promote the inclusion of refugees. By donating, we can all look towards peace. Thank you for your help and support.
